Hammond Textiles to Close

Hammond Textiles, once one of the leading employers in the area announced that they will close the dyeing facility at Grangeville as of March 31st. The closure will mean the loss of another 300 jobs in a community already devastated by a collapsing economy.

___[1]___. Over the course of the past six months, Grangeville has seen closings or significant downsizings of nearly a dozen manufacturing firms that had previously been the driving force of the region's prosperity. Mayor Wanda Clifton was at a loss for words. "I don't know what to say," she said. "This is obviously going to be a very painful adjustment." ___[2]___.

Hammond officials, in a statement released to the press at the time of the announcement cited several reasons behind their decision to close the plant, none of which were related to Grangeville itself. ___[3]___. Decreased demand for their trademarked heavy woolens, increased competition from overseas textile manufacturers, and increased government regulations all played a role in the company's decision.

"We regret having to do this, " said Hammond president, Michael Hammond. "Grangeville has always been good to us, but these are tough times and difficult decisions had to be made. I wish there was something else we could do" ___[4]___.

Davidson Manufacturing
Trenton, NJ

Dear Ms. Hanley,

I am writing in response to your advertisement for an efficiency consultant posted in *Industry Watch Magazine* and on their web site. I feel that I may be just the person that you are looking for.

In your advertisement, you indicated that you were looking for a candidate with a strong **educational background**. I did my undergraduate work at Flutgers and I was just awarded my PhD late last year from Harkward University.

Your ad also mentioned that **an experienced candidate** would be more attractive. Again, I seem to be ideal for the position. I currently work at Wegman Labs on a **consulting contract which is due to expire On April 30th**. My responsibilities have included the implementation of a Six Sigma efficiency program. At the risk of sounding arrogant, **may I say that the program has been successful beyond expectations, so much so that the company seems no longer to need me.**

Your advertisement also stated that you hoped applicants would be open to relocation. I am **willing to move** anywhere within the continental United States.

If you are satisfied with these preliminary qualifications, I hope that you will contact me for an interview. You will find my contact information below.

Sincerely,

Clark Ghent

Garibaldi Antiques

44321 New Denver Rd.

Brenton, MI 56446

Dear Sir,

I'm writing in regards to a recent inheritance that I have come into. My grandmother recently passed away and left me her home and everything in it. **She lived in Brenton, while I live over 300 miles away in Detroit. I would like to set up a meeting between my lawyer there in Brenton and a representative from your company** to give me an estimate on the entire contents of the home. I understand that she had quite a collection of **jewelry** that may interest you. I also wondered if you might accept the contents of the house on consignment and simply accept a percentage of the resale proceeds as payment for your services. I look forward to hearing from you directly at my return address on the envelope or through **my lawyer, whose address I have listed below.**

Sincerely,

J. Mason

Forest Fairways Opens

Local Golfers Express Satisfaction

Forest Fairways, the latest in a chain of low-priced, high-quality golf courses to be opened across the nation, opened for business yesterday and got rave reviews from our local golf fans. The 18-hole course was designed by Sandisen D. Bunker, the Norwegian golf legend, and should provide a challenge to golfers in the area for years to come.

Aesthetically, the course is beautiful, built on land purchased from the city in the northeastern corner of the Green Acres forest preserve. The clubhouse is modern, with changing and shower facilities, a small gym, and a restaurant featuring light fare and drinks. **Sandisen Bunker designs all of his courses with families in mind** (he is a father of 14) so it was no surprise to **see the mini-golf course for the kids**.

Perhaps the most innovative aspect of the Forest Fairways course is that it is covered with closed-circuit cameras, enabling family members who remain behind in the clubhouse restaurant to follow the golfers' progress.

Dear Sir/Madam,

My name is **Deirdre Bouvire, superintendent of the newly opened Forest Fairways Golf Course**. I was pleased to see the article in your edition of last weekend. However, there were a couple of slight errors that you might correct if you write about the course in the future.

First, the course was not built on the Green Acres forest preserve. That land is protected by law. **The course actually borders the forest preserve on some farmland purchased from Jensen Freid**. We merely needed **permission from the local government to allow the construction trucks to use the access road** that runs through the protected area.

Also, your article gave the impression that golfers could be watched along the whole course via CCTV. Actually, we have cameras only on the tees.

Finally, though it's just a small point. Mr. Sandisen Bunker and his wife just welcomed their 15th into the world last month!

Sincerely,

Deirdre Bouvire

181. What does the article suggest for the defining characteristic of Forest Fairways?

- (A) Its beauty
- (B) Its price
- (C) Its location
- (D) Its level of difficulty

182. Where was the golf course constructed?

- (A) In Norway
- (B) In a forest preserve
- (C) In a nearby city
- (D) On some farmland

183. Why does the article mention a mini-golf course?

- (A) As evidence of the family-friendly atmosphere
- (B) To highlight one of Sandisen Bunker's inventions
- (C) To account for the high price
- (D) To suggest an alternative to the clubhouse restaurant

184. Who is Deirdre Bouvire?

- (A) A newspaper editor
- (B) A golfer
- (C) A reporter
- (D) A golf course administrator

185. Why was permission needed from the government?

- (A) To purchase some land
- (B) To preserve some forest
- (C) To install some cameras
- (D) To use a road

Questions 186-190 refer to the following announcement, e-mail, and schedules.

Join the Community Watch Team!

We're looking for a few good men and women to join the Community Watch Team. Do you have the right stuff?

We are a group of civic-minded citizens who patrol the neighborhood on a nightly basis. We work in tandem with local law enforcement officials to discourage crime by our presence on the streets. Since the formation of Community Watch, burglaries in the area have dropped over 80%. Through our efforts, we have made our neighborhoods safe for law-abiding citizens.

We need seven people who are available for patrols at least two nights per week. No special training is necessary, though if you have a special skill, we'd appreciate your expertise (self-defense, first aid, etc.). Must be at least 18 years of age and a high school graduate. Senior citizens are welcome.

We hope to see you at our Open House on April 17 at 8:00 pm at our field office at 43 Hefflin Ave. Contact us at comm.watch@rotnail.com

Subject: I really want to join

I saw your notice and I am interested in joining up. I have two questions, though. First, I am a 19-year-old student, but I won't be graduating from high school until June. Would it still be OK to attend the open house? Also, I'm only available every other night (Weekends excluded). Will this be a problem to you? You might be interested to know that I have a black belt in judo. Let me know what you think!

The Bride's Nest
698 Modern Dr.
Freeton, OH

Dear Ms. Hunter,

We were very impressed by our talk with you during your recent interview and are prepared to offer you the **assistant manager** position at our Freeton store. Your duties will be a combination of managerial and **design work**. Please accept the compensation package listed below **as a starting point for discussion**:

Salary: **\$40,000 + Profit Sharing**

Health Insurance

Dental Insurance

2 weeks paid vacation

We'd like to set up a meeting with you to discuss your interest in the position. We are, however, constrained by **the fact that the position is already vacant. We need to have someone** in place at the Freeton location by July 10, at the latest.

We look forward to hearing from you.

Yours truly,

Gaia Tanaka

Dear Ms. Tanaka,

Thank you so much for offering me the role of assistant manager with **the Bride's Nest**. However, **I have decided that this is not the right fit for my career goals at this time**.

I sincerely enjoyed our conversations and very much appreciate your taking time to interview me.

Again, thank you for your time and consideration; best wishes in your continued success. I hope that our paths cross again in the future.

Sincerely,

Kelly Hunter

Questions 196-200 refer to the following memoranda and certificate.

Interoffice Memorandum

To: Maintenance Staff

From: Physical Plant Director, Manuel Ortiz

Re: Saving Energy

In light of rising fuel costs, we would like members of the maintenance team who work closest with the operation of our facilities to submit any suggestions they might have with regard to how we might make our building more energy efficient. If your idea is chosen to be implemented, we'll give you some special perks (You can select one of the following: transportation subsidies, paid vacation, free fitness centre membership, or complementary food and drinks).

Please submit your ideas to Vince Walker in Office 867. Your proposal should include a detailed description of the current wasteful situation, your proposal for how to solve it, and your estimate of how much energy will actually be saved. Questions about submissions can be directed to Vince at ext 867.

MEMO to Vince Walker

From: Lou Biggs

Mr. Walker,

I am a new employee. I've only been with the company for about 3 months in the shipping department. However, ever since I started, I've noticed that you lose a lot of heat out of the warehouse when the large doors of the delivery bay are left open. This happens after a truck is loaded or unloaded. It sometimes takes a half hour before someone thinks to close the door. I propose using a motion detector and a timer to automatically close the door after a truck has left the loading dock. For a minimal investment in simple items that can be purchased at a local hardware store, you can save a lot of energy. I'm in the warehouse (EXT 112) if you want to ask me more about this idea.

CERTIFICATE OF APPRECIATION

Awarded to

Mr. Lou Biggs

For your brilliant idea to help the company save a lot of energy!

You'll be rewarded as promised!

Thank you!

Manuel Ortiz

Physical Plant Director

196. What is the purpose of the memo from Manuel Ortiz?

- (A) To solicit advice
- (B) To announce new renovations
- (C) To implement energy-saving measures
- (D) To praise the completion of a project

197. According to the memo, what may Lou Biggs not get in the end?

- (A) Free food
- (B) Free gym membership
- (C) The personal use of a company car
- (D) Paid holidays

198. Which of the following is NOT requested in Mr. Ortiz's memo?

- (A) A description of a problem
- (B) An estimate of renovation costs
- (C) A solution proposal

(D) The expected amount of **energy savings**

199. Who is Lou Biggs?

(A) A worker in Vince Walker's Office

(B) The Physical Plant Director

(C) Manuel Ortiz's assistant

(D) **A shipping clerk**

200. What does Lou Biggs propose?

(A) Moving the delivery bay

(B) **Closing a door automatically**

(C) Reducing the temperature in the warehouse

(D) Investing in a hardware store

Stop! This is the end of the test. If you finish before time is called, you may go back to Parts 5, 6, and 7 and check your work.
